Subject: Deficient Notice of Intention to Conduct Small Mining Operations, White Mtn. Mine, S/001/0072, Beaver County, Utah

Dear Mr. Nell:

The Notice of Intent to Conduct Small Mining Operations (NOI), received by the Division July 29, 2008, concerning the proposed Small Mine project is still incomplete. Also in conversations with the BLM you have not submitted this information to them and as such you will not be able to proceed without their approval. The following information is still required:

1. On Page 3, #5 and #6, the address for the BLM must be included, not your personal address. (BLM, 176 East D.L. Sargent Drive, Cedar City, Utah 84720) On item #6 the BLM own the minerals, you stake a claim and provide the UMC Claim numbers which you left off your most recent submittal.
2. On Page 4, #8, the question needs to answered yes or no.
3. The maps included with your Notice are not clear whether they are locations map or operations map. Your notice must have both maps with clear and accurate information.
4. The location map needs to show how to drive to your exploration location from named roads in the area, and from a commonly known landmark, such as a town. Please label your location map "White Mine Location Map." Please submit a clean copy without any other unrelated notes etc., the quad map provide does not show or clearly label the location of proposed one acre mine site.
5. The operations map needs to show, at a scale of 1" = 200 feet, the setup of your 1 acre operation, including dimensions of your mine, and where it sits in relation to existing roads and other disturbance. The map you supplied has a lot of information that does not apply to the site please supply a clean map without information unrelated to the project. This map also needs a scale, north arrow, and label, such as "White Mountain Operations Map."

The map you provide does not clearly show the location of your one acre site. This map can not have a bunch of unrelated infromation on it, the Division needs a clean copy.

Sandy Nell

Please submit replacement pages for your NOI with the correct information on them. I need a complete, correct document with your signature to ensure that we all agree on what the surety is being held for, and what the reclamation will entail. This way, we can be sure to agree on when you have completed the required reclamation.

In reply, please refer to file number S/001/0072. Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dana Dean', with a stylized, flowing script.

Dana Dean, P.E.
Associate Director of Mining
